Burlington  
2nd stop- Dale  
Robertson's new shop,  
25709 Minkler Road,  
Sedro Woolley  
Finish at Paul Hieb's  
shop

## Western Heritage Center Museum

Jerry Senner is really good at finding unusual and rare antique farm equipment. It's taken Jerry some time but he has found a place to put all those pieces of local history so the public can enjoy. The Western Heritage Center Museum opened September 26, 2007 at the Evergreen State Fairgrounds, Monroe, Washington. The new museum focuses on early equipment and processes used in agriculture, mining, logging and transportation in the Snohomish, Skykomish and Snoqualamie regions of Snohomish county. The current building is 40' X 56' and plans are being made to add 98' to the south end and 20' to the north end of the existing building. The museum emphasizes historic equipment that move and turn. Jerry says that antiques that operate are much more interesting than static displays. You may have seen some of Jerry's farm implement working at the Bellville Threshing Bee and the Northwest Two Cylinder Expo.

Some of the existing items include a whistle pump, drag saw, fanning mill (grain cleaner) and corn sheller. A model LGB gauge train circles the museum and a ON3 gauge train is on display. A line shaft is connected to a water wheel that operates a drill press inside the building. Jerry's John Deere L and LA tractors are on display out side. A hay fork and other historic agriculture items are on display inside. The dairy exhibit includes a milk cooler, milking machine and the like. The logging ex-

hibit includes a spar tree, cross cut saws, spring board, axes and other related tools of the woods. A mine shaft is currently under construction and will feature items used in the Snohomish county Apex mine. Jerry says that the funding has been mostly out of pocket with the assistance a farm bureau donation. One of the museum board members is working on grants to support and expand the museum.

Our winter Cascade 2 Cylinder Club general meeting is scheduled at the Western Heritage Center Museum with some time to tour the exhibits. Jerry says when you drive by the Evergreen State fairgrounds, turn left on Cascade View Drive. The museum will be one block east and is across the road from a feed store. There is signage on Highway 2 and Cascade View Drive leading to the museum. The building number is 611 and Jerry's L & LAs are outside.

If you can't make the meeting or want to see the museum before March 8, the museum hours are 10:00 am. to 6:00 p.m. Wednesday thru Saturday and noon to 5:00 p.m. on Sunday. The museum web site is

[www.westernheritagecenter.org](http://www.westernheritagecenter.org).

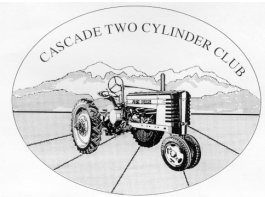

We will see you at the museum!

**ajohnson.**

for pictures and video

## President's Message

I can see signs of spring so let's hope it is sooner than later. With better weather coming we will get back working on the building.

The first show of the year is the national gas engine show at the Mount Vernon Fair grounds April 11– 13, 2008. Our club is in charge of all the tractors, so bring them out—all colors!

We have a plan for our shop tour, starting at Sorensen Seed Co., 11488 Higgins Airport Way, Burlington at 9:00 a.m. March 29. Second shop will be Dale Robertson's new shop at 25709 Minkler Road and end up at my shop.

Our next meeting will be March 8 at the Monroe Fair grounds (Evergreen State Fair) building 611. Go past the main gate, the next gate is by the feed store– Cascade View Drive. Then turn left 200 feet. Jerry Senner has started a museum there. The board has nominated officers and board members and we will have nominations from the floor. Of course there will be a raffle.

Hope to see you at the meeting.

Paul Hieb, President

**April 11—13, 2008**  
**Is not that far away!**

## Separating the Chaff from the Grain

We are happy to report that **Larry Hansen** is recovering quickly from his recent health issue. We all wish Larry a speedy recovery and expect to see him this summer!

**D**id you get the Kruse International Bridgeport, Nebraska auction catalog? **20,000 items at public auction.** Nearly 3,000 tractors, 1,500 John Deeres, antiques, modern tractors & equipment and 30 high crop tractors. April 1 thru 7, 2008. If you need a catalog call 800-969-4444 or [www.Kruse.com](http://www.Kruse.com) This could be the mother of all tractor auctions!

**W**e just got notice that the **Stanwood Farm Festival, Harvest Jubilee** is scheduled for September 20, 2008. The tractor exhibit will be at The Country Store/ Skagit Farmers Supply parking lot, 8815 272nd St. NW Stanwood. Participants will be given a display token with Harvest Jubilee logo and year. The event organizers are hoping that our club can make a big showing this year. We will remind you again later this summer.

**T**he **John Deere Dealership museum** construction is on hold until the spring weather arrives, but on Saturday, February 16, some of the members got the underground utilities installed. We have spent around \$22,000 and President Paul figures that \$25,000 should complete the building. We have collected over \$17,000 toward the building and we hope that the bulk of the building cost will be paid off by the end of the year. We have done very well with material, supplies, equipment and financial donations! You may see a building fund raffle item coming up soon. Thank you every one, especially Jim Galen!

**I** am putting the finishing touches on my 1944 John Deere LA and was pleasantly surprised to learn that **cut out relays, regulators, light switches and knobs are again available** for the 1940's electrical systems. I know the early electrical systems are primitive, but when in good operating condition can properly do the job. Alternator conversions are expensive and reduce the value of a so called "restored" tractor. Naturally the new 6 volts parts are made in China but do seem to work. I bought a gas cap and noticed that the China version is identical to the John Deere part except the John Deere cap comes in a John Deere package. Unfortunately the price wasn't much different either.

**I** have learned that using a **nylon flat washer** with the sheet metal fasteners and lock washer prevents the paint from ripping. The nylon washer is about the diameter or the fastener and is not visually obvious. The flat washers can be found in good hardware stores for about 15 cents each.

**I**f you have looked closely at your official **2008 John Deere calendar**, you will notice that John Deere equipment is assembled in China, India, Germany, Mexico, Russia, Canada, Brazil and yes, the United States. Who knows where the parts are made! On a recent television show, Cat was mentioned as one of the more successful heavy equipment companies in the world. They make the world's largest off road trucks! 50% of the equipment assembled in the Peoria, Illinois factory is sent out of the country. It is interesting to note that one of Cat's Japanese competitors has set up shop in Peoria, Illinois.

## Directory!

When renewing dues please include email address and tractors you want listed in the directory. If you don't wish tractors listed on the web please indicate. You can also update online at [www.c2cc.org](http://www.c2cc.org)

**Hardcopies of directory will be available at general meeting.**

### *Meeting Minutes*

**Cascade 2 Cylinder Club  
General Meeting  
December 8, 2007**

**Bay view Community Hall**

**Meeting called to order at 11:15** by Paul Hieb, Pres.  
**Minutes read and approved**

**Treasurer's Report** Total building fund donations \$9725.00 Fred Polinder reported that P.S.A.T.&M.A. has borrowed \$10,000 from Jim Galen to be sure we have enough money to finish the building. Donations gladly accepted! Names of those who donated money, materials and labor will be on a plaque inside. Paul thanked all those who have given so far. Harold Eastbury thanked all those that donated prizes and supplies for our pot luck. He also presented Loren Dahl with a pocket knife for his dedication to the club.

**Old Business:** None **New Business:** None

**Coming events:** Shop tour March 2008. Gathering of the Green, March 12-15, 2008 Moline, Illinois. E.D.G.E. & T.A. National Show April 11-13, 2008 at the Skagit County Fairgrounds, Mount Vernon, WA. Antique engines and tractors on display. Everyone is invited. Blacksmith conference at Skagit County Fairgrounds April 26, 2008 for those interested. Nels Lagerlund gave a brief talk on his Threshing Bee held last August. He invited everyone out for the 2008 version, date to be announced later. Dinner was served at noon followed by our silent auction and famous raffle. Leon Meyers gave the blessing followed by a great meal. Meeting **adjourned:** 11:50 a.m. Ray Riggles, Sec.

### *Meeting Minutes*

**Cascade 2 Cylinder Club  
Board of Directors  
January 16, 2008**

**Tom Jensen's home for Rick Kiser**

**Meeting called to order** by Paul Hieb, Pres. at 7:40 p.m. Minutes read and approved.

**Treasurer's report** \$2835 on hand. \$11,175 total contributions toward JD Building. Duke Dykstra challenged the Officers and Directors to match his contribution \$100 toward the building! Motion passed to reimburse Paul Hieb \$500 for his gasoline used for travel to the building. Paul supplied his tools and transportation to the building site. **Old Business.** Pot Luck, we had complaints about the gravy—no taste! No other issues, We will take care of it! **New Business:** Morrie Robinson gave us an update on the E.D.G.E. & T.A. National Show to be held April 11-13, 2008 at the Skagit County Fairgrounds, Mount Vernon, WA. Our club will be in charge of parking tractors and outside exhibits. Button on sale for \$5.00. This gives entry into the show and helps defray the costs. Shop tour March 2008. Still looking for places to go. Would you show us around your shop?

Elections: Pres., Treas., and four directors; Duke Dykstra, Rick Kiser, Norm teSelle and Alerd Johnson, 2 year term.

**Meeting Adjourned** 10:05 p.m.. Ray Riggles, Sec.

**Officers and Directors present:** Paul Hieb, Pres.; ; Ray Riggles, Secretary; Gary Friend, Duke Dykstra, Loren Dahl, Alan Brinson and Alerd Johnson, Directors. Guests: Morrie Robinson and Greg Greenfield

## John Deere Building Fund!

**\$17,000 Plus donated with \$8,000 to go!**

Duke Dykstra has challenged the club officers and board members to match his \$100 donation to the building fund.

Can you help with a \$25 or more donation to our Lynden John Deere Museum building fund? Donors will have their names placed on a building plaque. Send \$ to:

Tom Jensen  
202 Rainbow Drive  
Burlington, WA 98233

Or  
pay at the general meeting
